Montana Volunteer Resource Library

The Montana Volunteer Resource Library was created in 1995 by the Governor's Office of Community Service in conjunction with the Montana State Library. This library was created to provide all Montanans access to reference materials covering all areas of volunteerism and to promote the ethic of volunteerism in Montana. The funding for this project was provided through a grant from the Corporation for National Service.

This bibliography is catagorized by subject matter. Some titles are entered more than once as they pertain to more than one category. Materials range from accounting to legal and insurance issues to youth service. These materials in audio, video, and book form are available to Montanans across the state through the Montana Interlibrary loan Program.

To access the materials in this bibliography through Interlibrary Loan, contact your local library. Let your librarian know about this program, and they will be able to assist you in receiving the titles you choose from the Montana State Library. If the book you request is being used, you will have to submit a request following its due date. If you have any questions about the Interlibrary Loan procedure, call the Reference Desk at the Montana State Library at 406-444-3004.

We would appreciate your input about the Montana Volunteer Resource Library. If you have any suggestions of new titles or other comments, please call the Montana Governor's Office of Community Service at 406-444-5547.

Many thanks to those who dedicated their time and support to the completion of this project: Moira Ambrose, Tammy Cahill, Diana Halverson, Christopher Highfield, Darlene Staffeldt and Christie Briggs.
